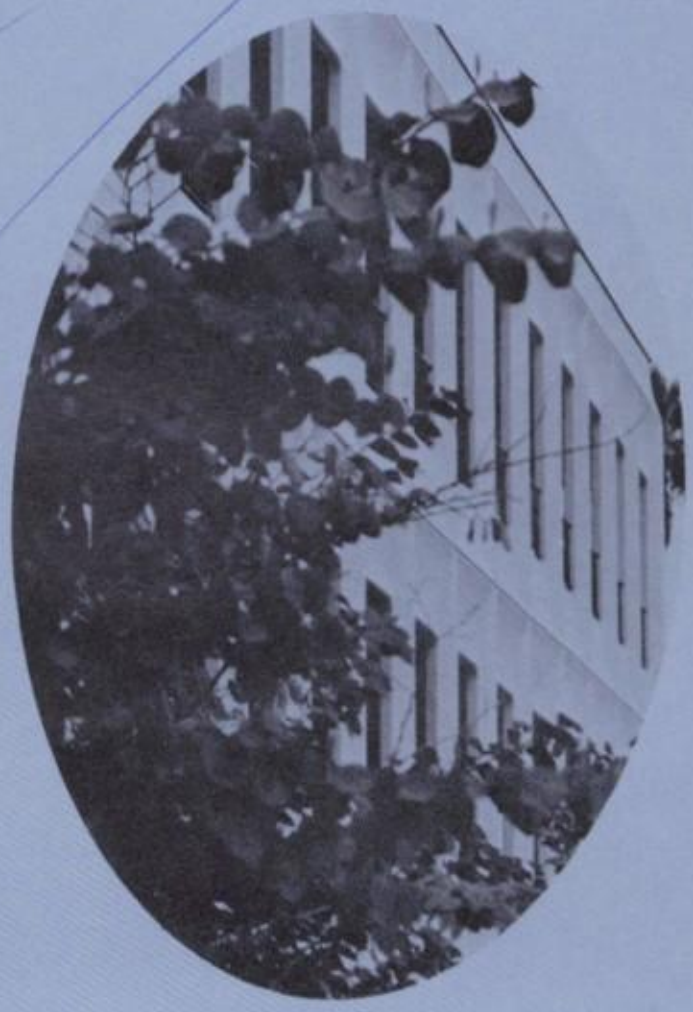
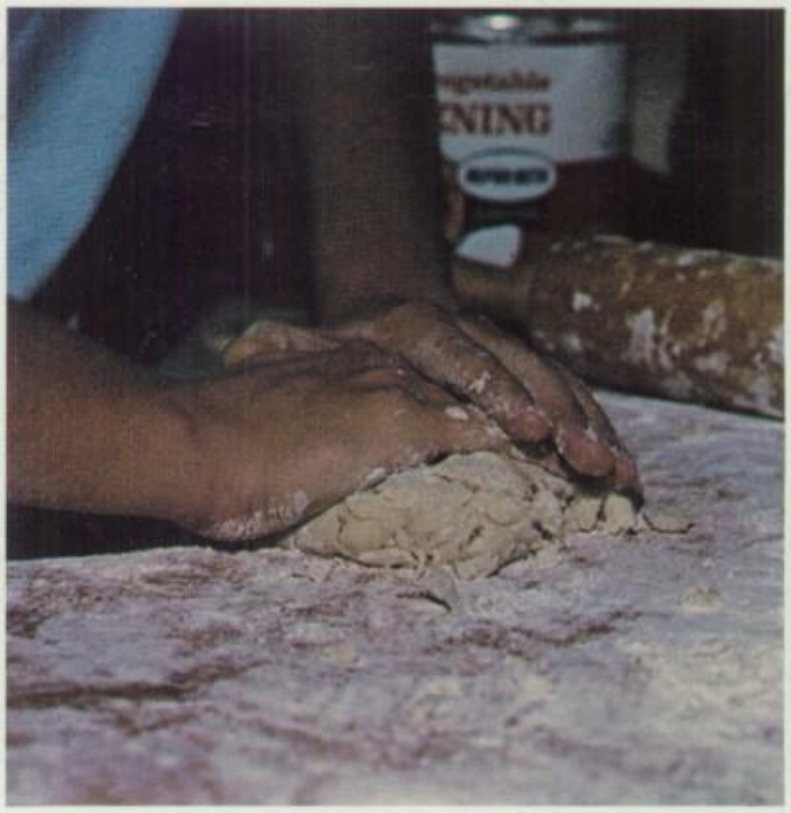
Hi Kwaa!

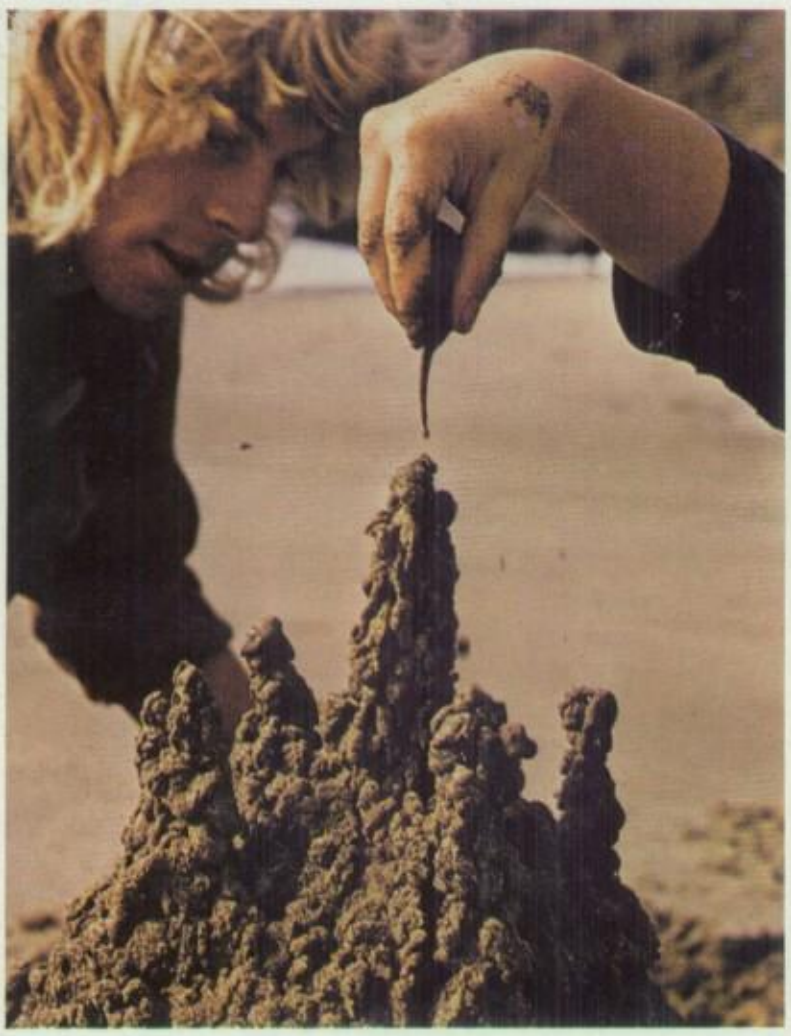


Herbert Hoover High School
651 Glenwood Road
Glendale, California 91202

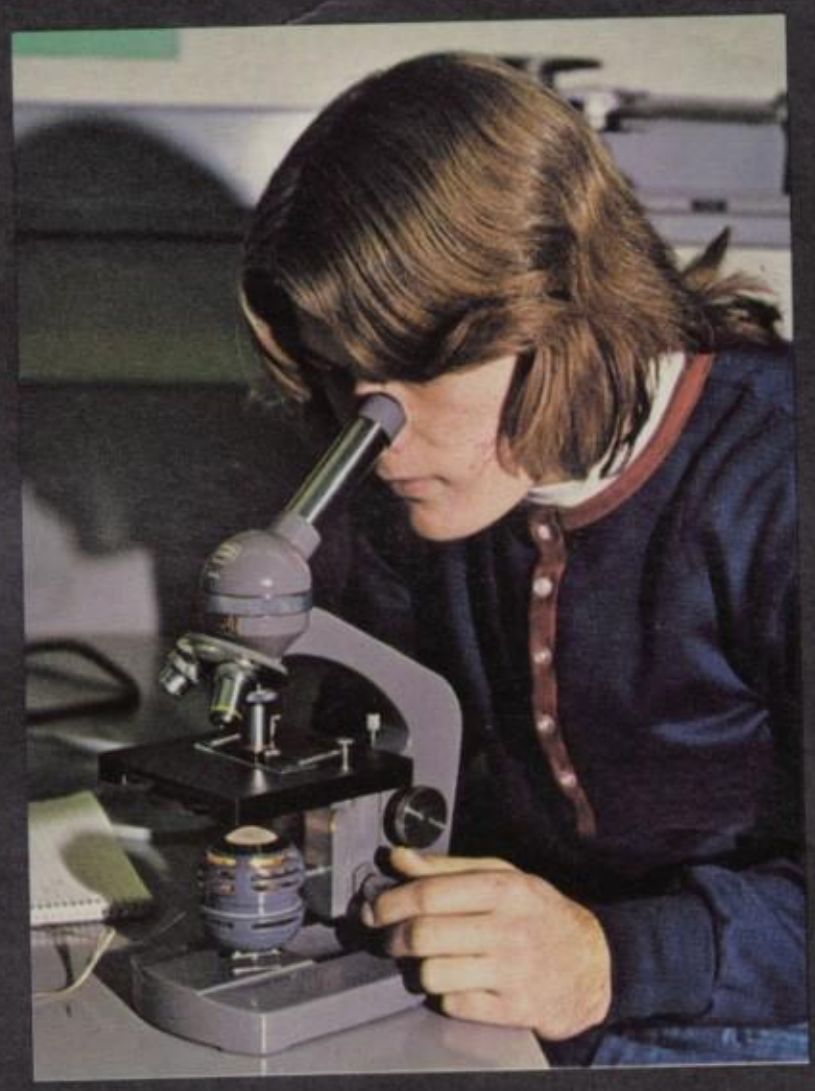
Kraig- I hope you don't believe this is the end of an era of "Good Feeling". That would be a drag. So you'll go on bein' smart at Oxy and I'll spend some farts at G.C. Such is life. I guess a little praise is in order. I admire you most for your strong belief in your convictions; I won't call it stubborness, 'cause it's more admirable than that. God Bless You and boogie to the Beach! Love ya, Jeff



The Act of

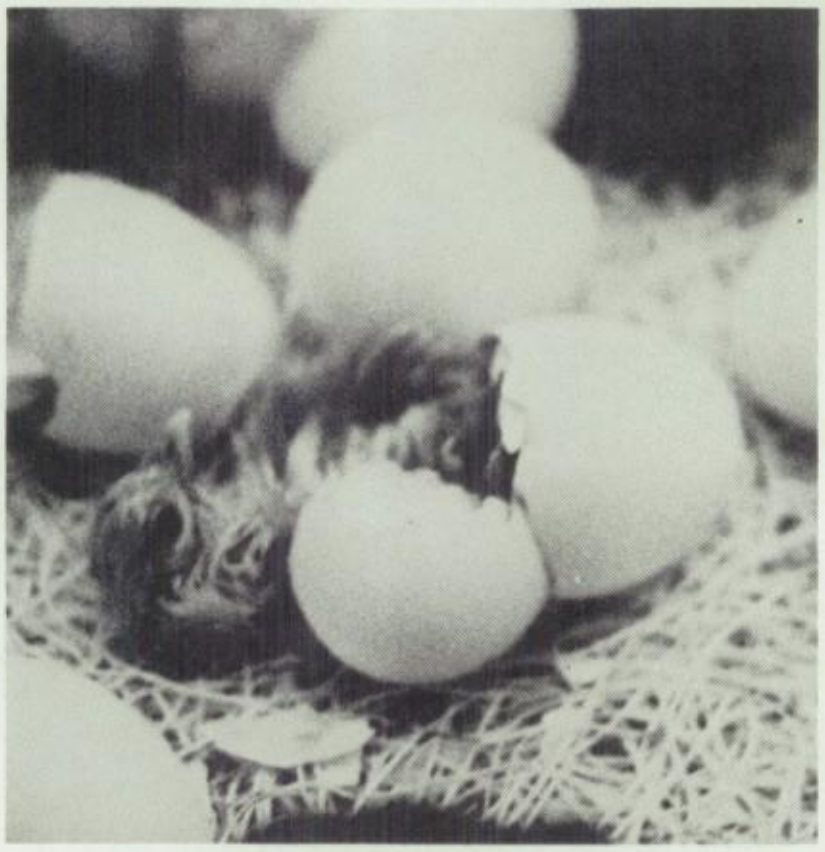


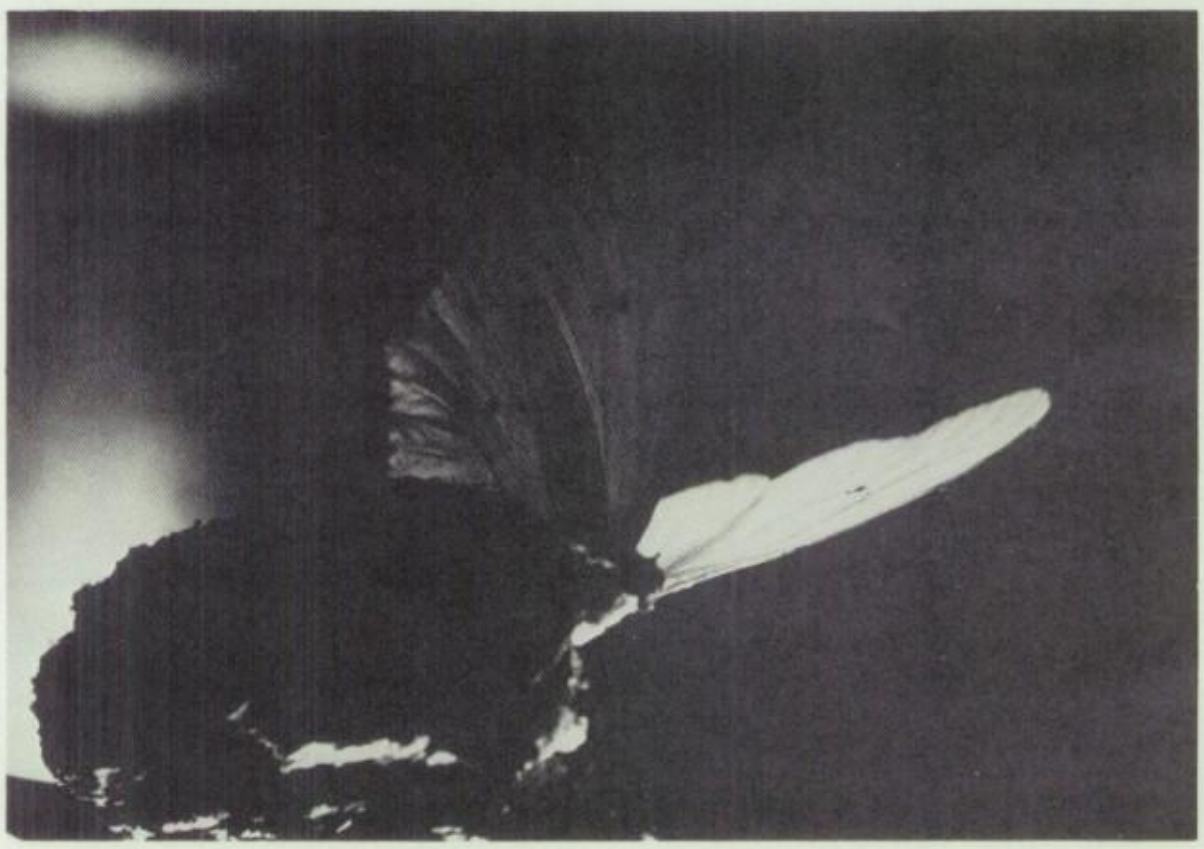
Creation,



For man, long a mystery,

Realized





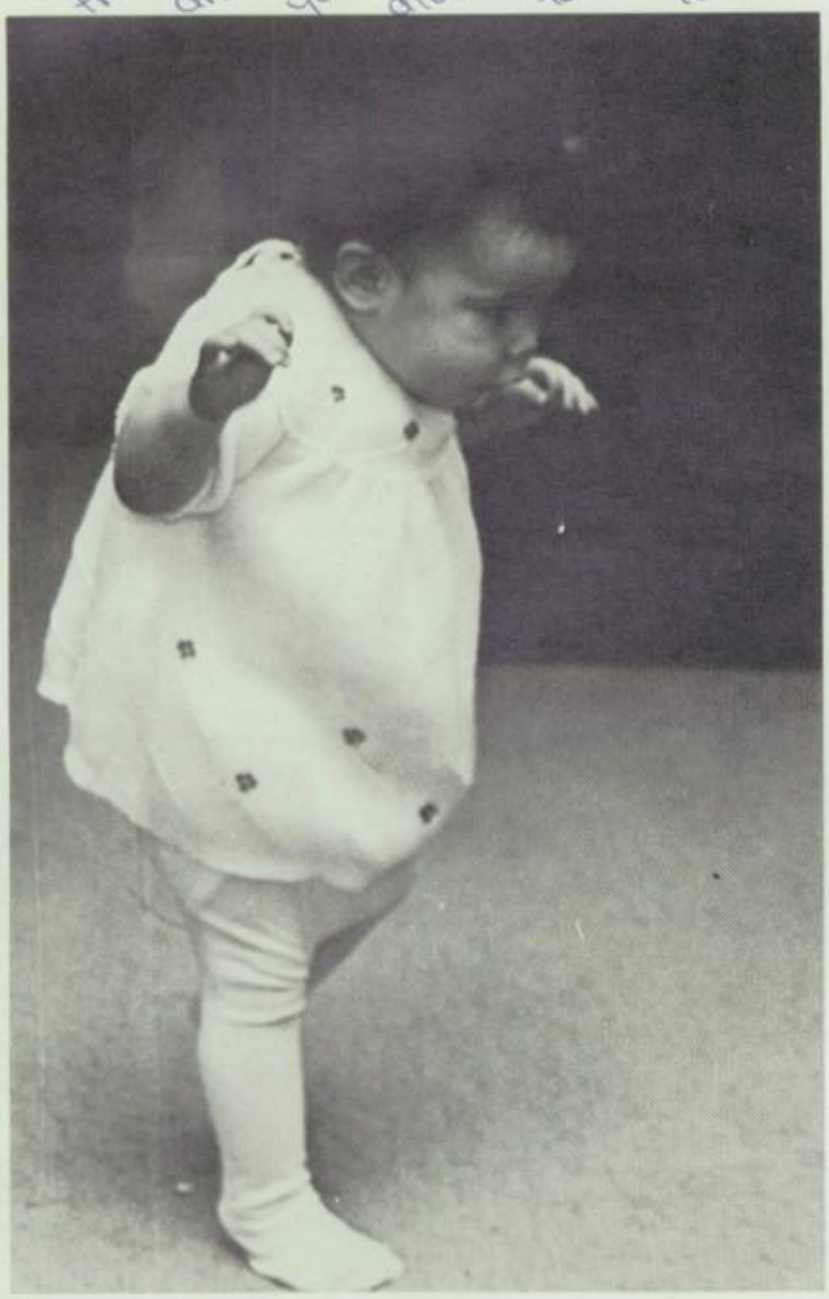
through Birth,

praise- Its been great having you in principles this year and a real pleasure knowing you. I never did know you very well but I was glad to know you this year. The world need more people like you and I wish you all the luck in the world.

Don

Kraig; I wish I could have gotten to know you better. I think your really nice and I want to wish you the best of luck always. Are you going to give me driving lessons, too!

Love, Vickie



Kraig, Really enjoyed playing basketball with you this year. Hope that these sort of games (wins) continue for both of us in college. Just think someday if your lucky I'll teach you how to play well. This includes dribbling shooting, rebounding and most important of all jamming. Good luck always.

Jim (Griff) (HA!)

is the beginning

Kraig King, my best friends so what's you're one of there to say that I'm great. No since you seriously, I'm really know already going to miss you. Well I'll see you during the summer and probably go to Okla to visit you when I become a surfer at UCLA. just kidding,

Your friend,
Jon Kotcke

Kraig - It has been a real pleasure knowing you these past years and seeing you make some great accomplishments. I thank you for your friendship I will cherish it always. Remember to "Think Deeply" about all you do and continue to ask "Why?" I wish you the best of luck always - you deserve it. I hope our paths will cross againsome day.

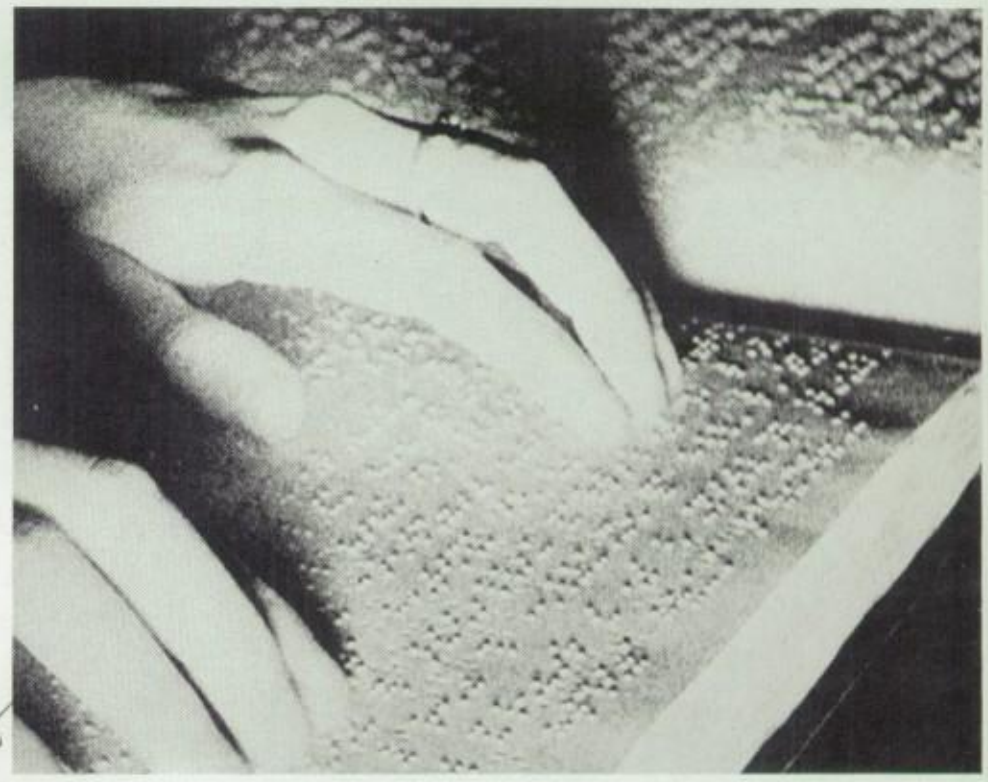
so someday I can watch you on
TV in the "pros". (What a dreamer). Good
luck next yr. and I hope to see you
again. Love
Colleen

# of exploring, touching,



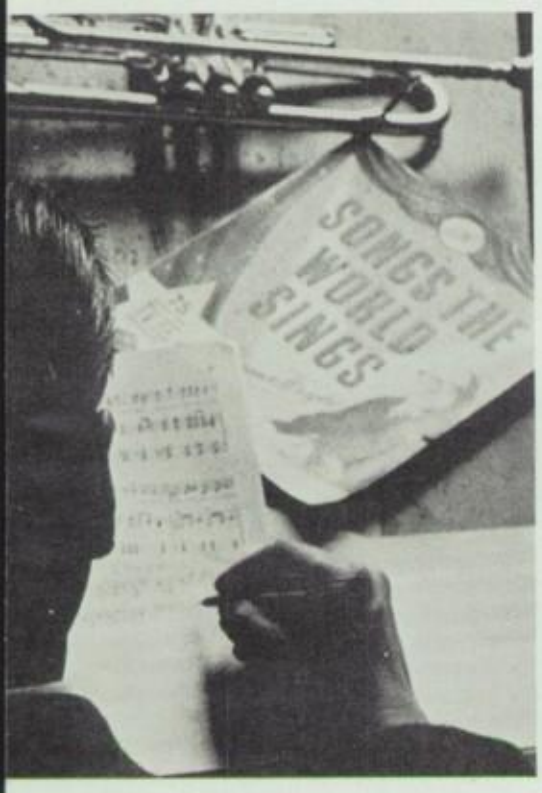
I've known you since Tall—I don't feel I really know you at all—You're so complex—(the sign of genius) I wish you the best of luck in the future—although you're a really don't need it. You're a terrific person Craig—Darn and funny. God Bless You and I wish you Success and Happiness Live Life to its fullest extent—Enjoy—I expect to see you on the front page of the Times accepting a Nobel Prize—Best ever—

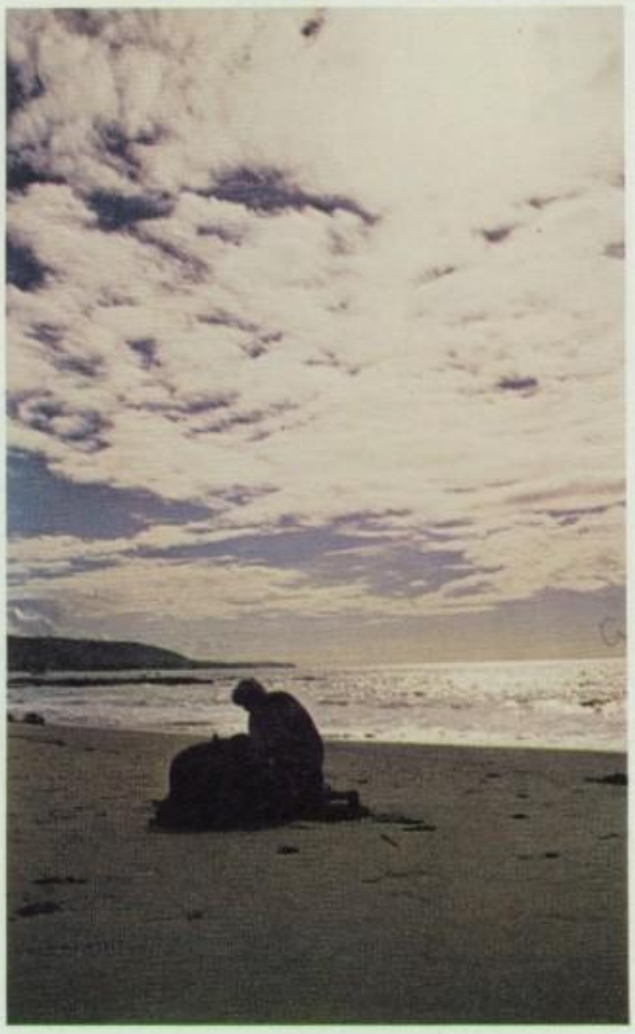
Love
Irene

Kraig,
Well maybe this summer 3 can always go to the beach instead of alternating Me-G and You-G. Hope to cause much trouble- exciting, not boring - this summer. Maybe even Woody will come out with a new movie. Try not to be too wide a dulled blade at the Oxy. If possible, try to even work. Its actually not that bad! See you later, Sir.

Jim Schrage

expressing,

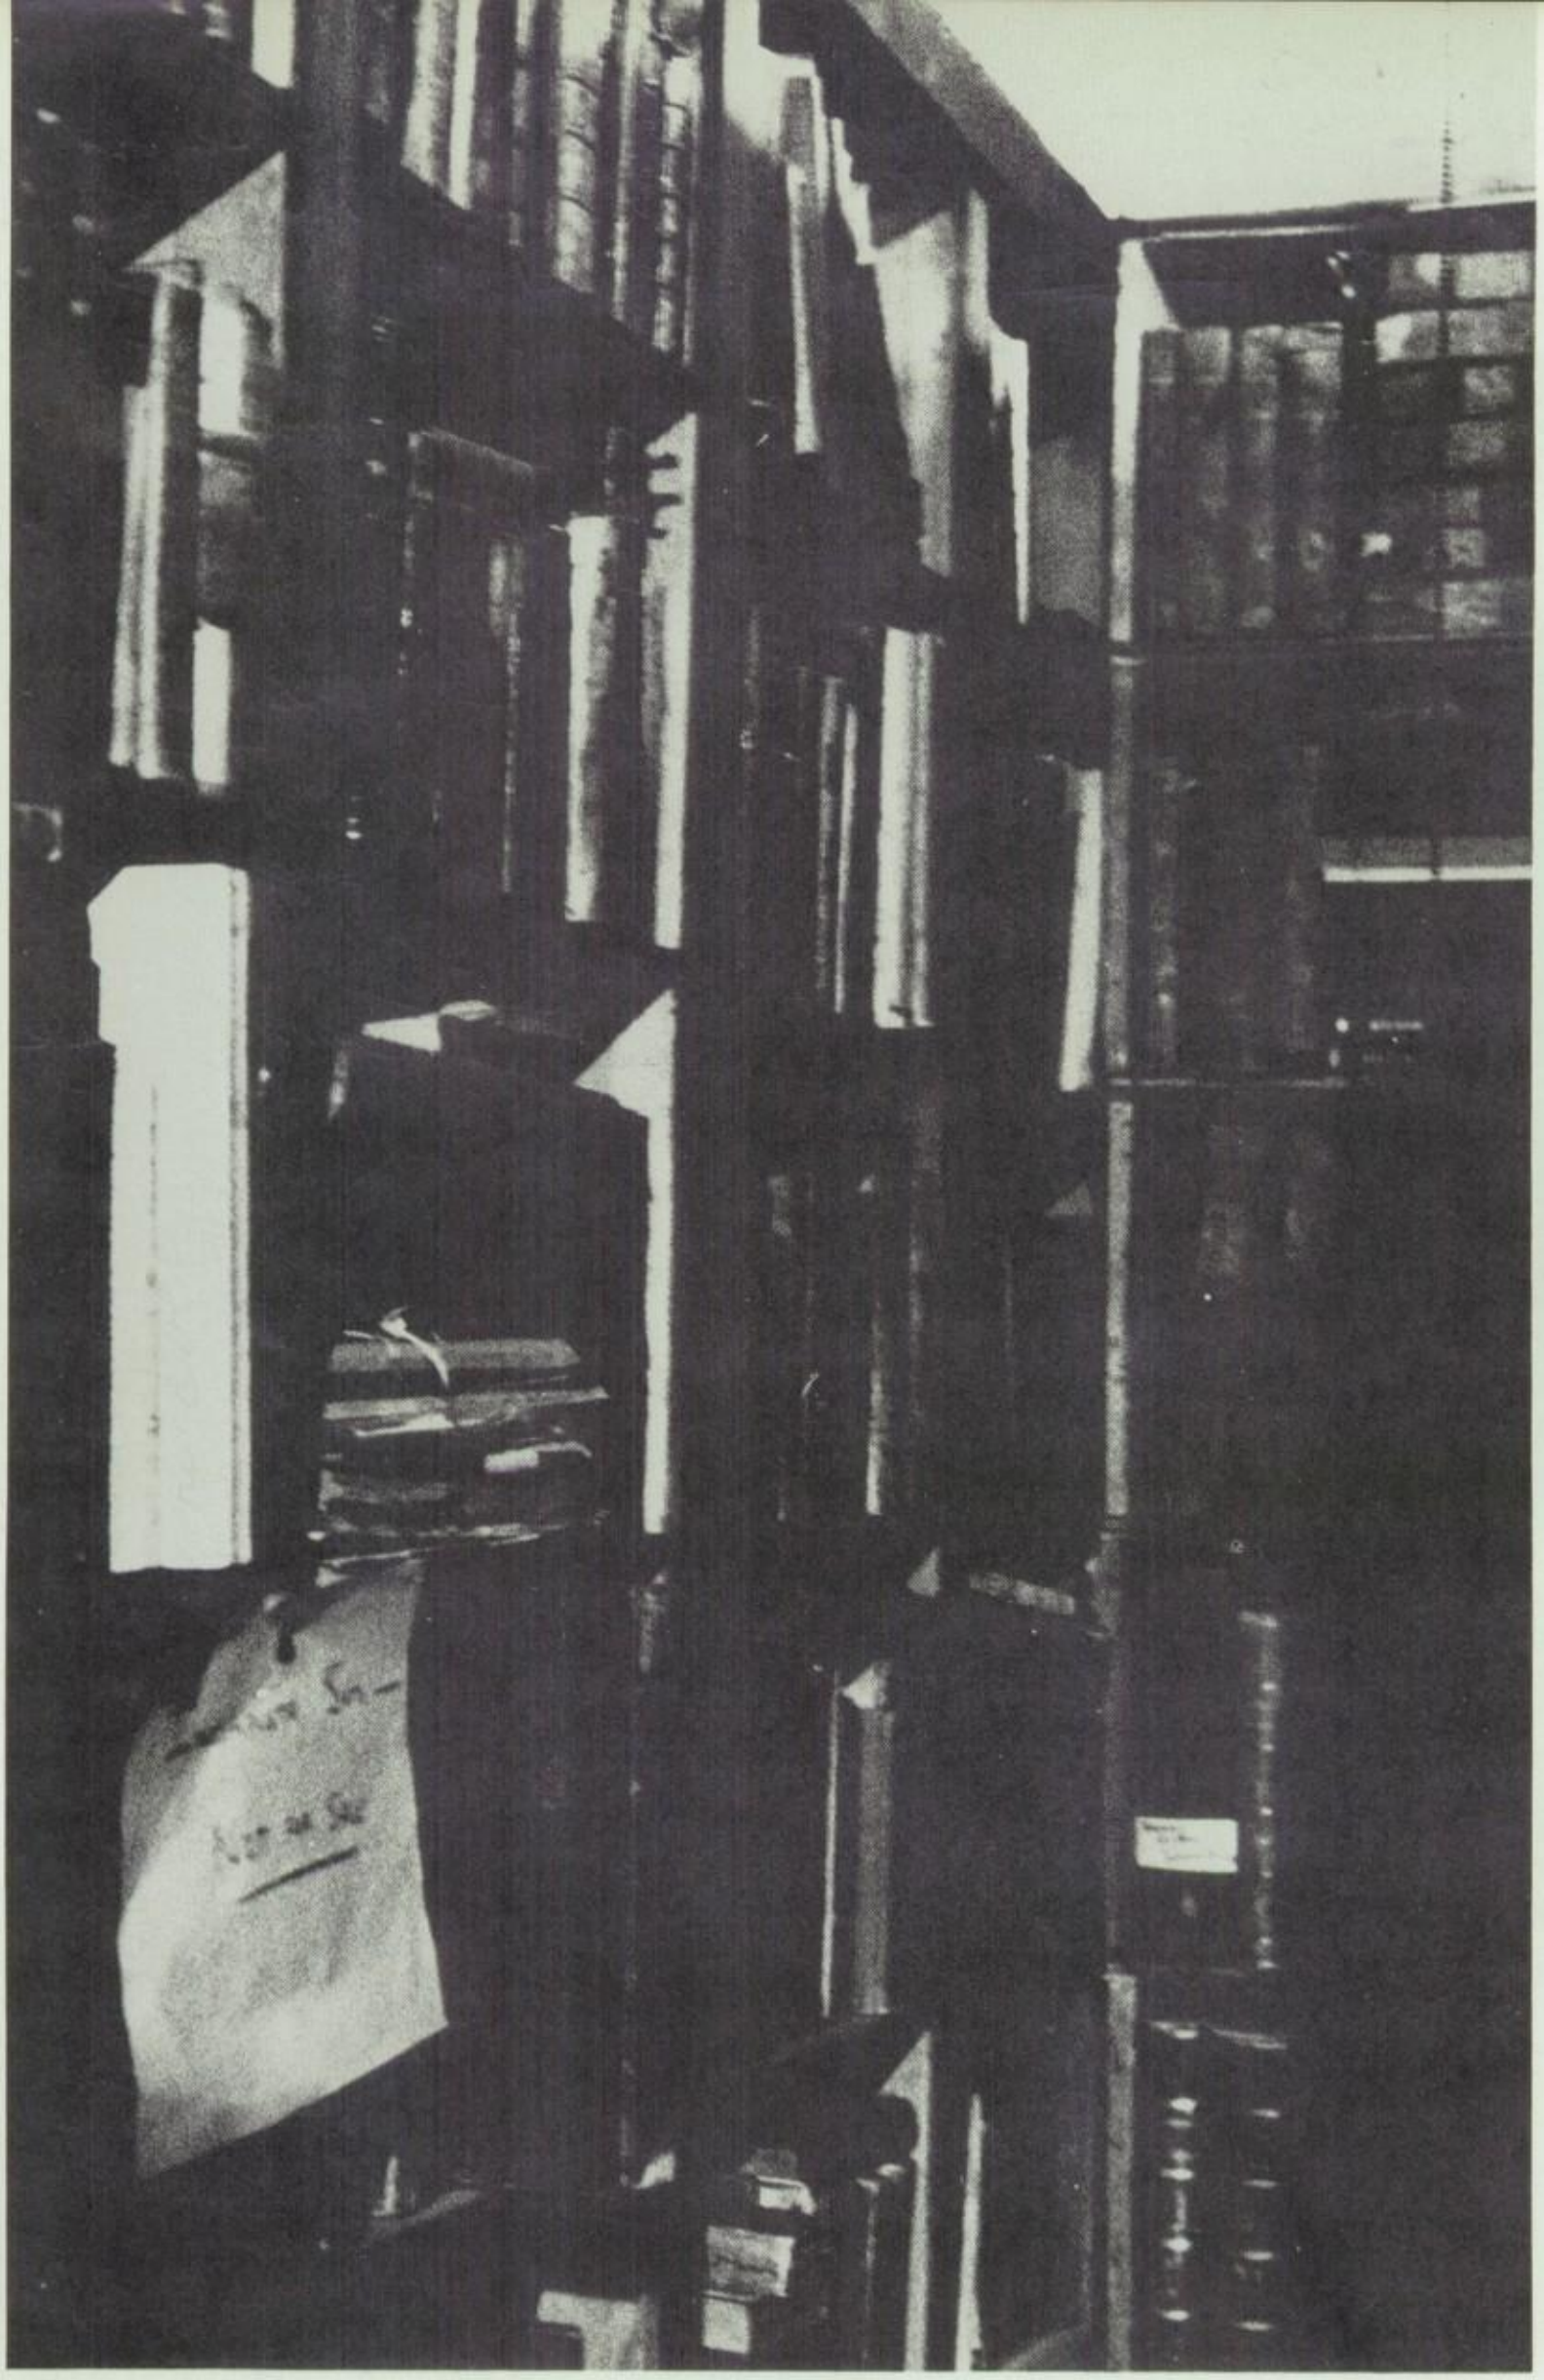




and being.

Kraig -
It was a great year in basketball and you did a fantastic job. I hope you do well at Oxy and I hope we have a chance to play basketball again in the future. Good luck always

Don Rhodes



Pondering these experiences

Kraig - I can't say how glad I was to get to know you this year. You're really a fantastic person - a little hard to understand sometimes & a little "spazzie" (spazzy) a lot of the times but otherwise fantastic. I really had fun at the Monster Mash Bash & everytime I see an Indian I'll think of you. (terrific, eh?) - I hope you really like going to Occidental next year & I wish you lots of luck. Thank you for helping me to learn a lot about myself. Drop by sometime and/or write after you leave (are you leaving?) Have a tan, ~~body~~ body-surfing - huge waves - type of summer & keep in touch.

Much Love,

Lane

will enable man to attain harmony with himself

Robert or is it Jimmy no its Craig even though the similarities are great. I must say it has been great these last 3 years in classes and in Basketball. When you make small college all-american then maybe I will talk to you again. After that I expect to see you on ABC on the one-on-one championship even though you don't have a chance cause I wouldn't in it. I'll be seeing you this summer of course for some cas beach activities, and have great fun kicking some bootie over at the Merry-go-round. Of course we all know Grand Funk is the greatest. even better than the Stones. You are a true friend.

Gary (the clown #020)

P.S. Rats Avis, Gratis, Tibi, etc.

Kraig — you are a complete and total very interesting mysterious sports, intelligent, great personality — what more could you be blessed with? I'm really glad we've known each other throughout school & especially this last year. You know that I wish you everything happiness and success at your future endeavors and hope that we can work out for you in every way and always, and keep in touch, ok? Keep the faith that you have.

Bxxg

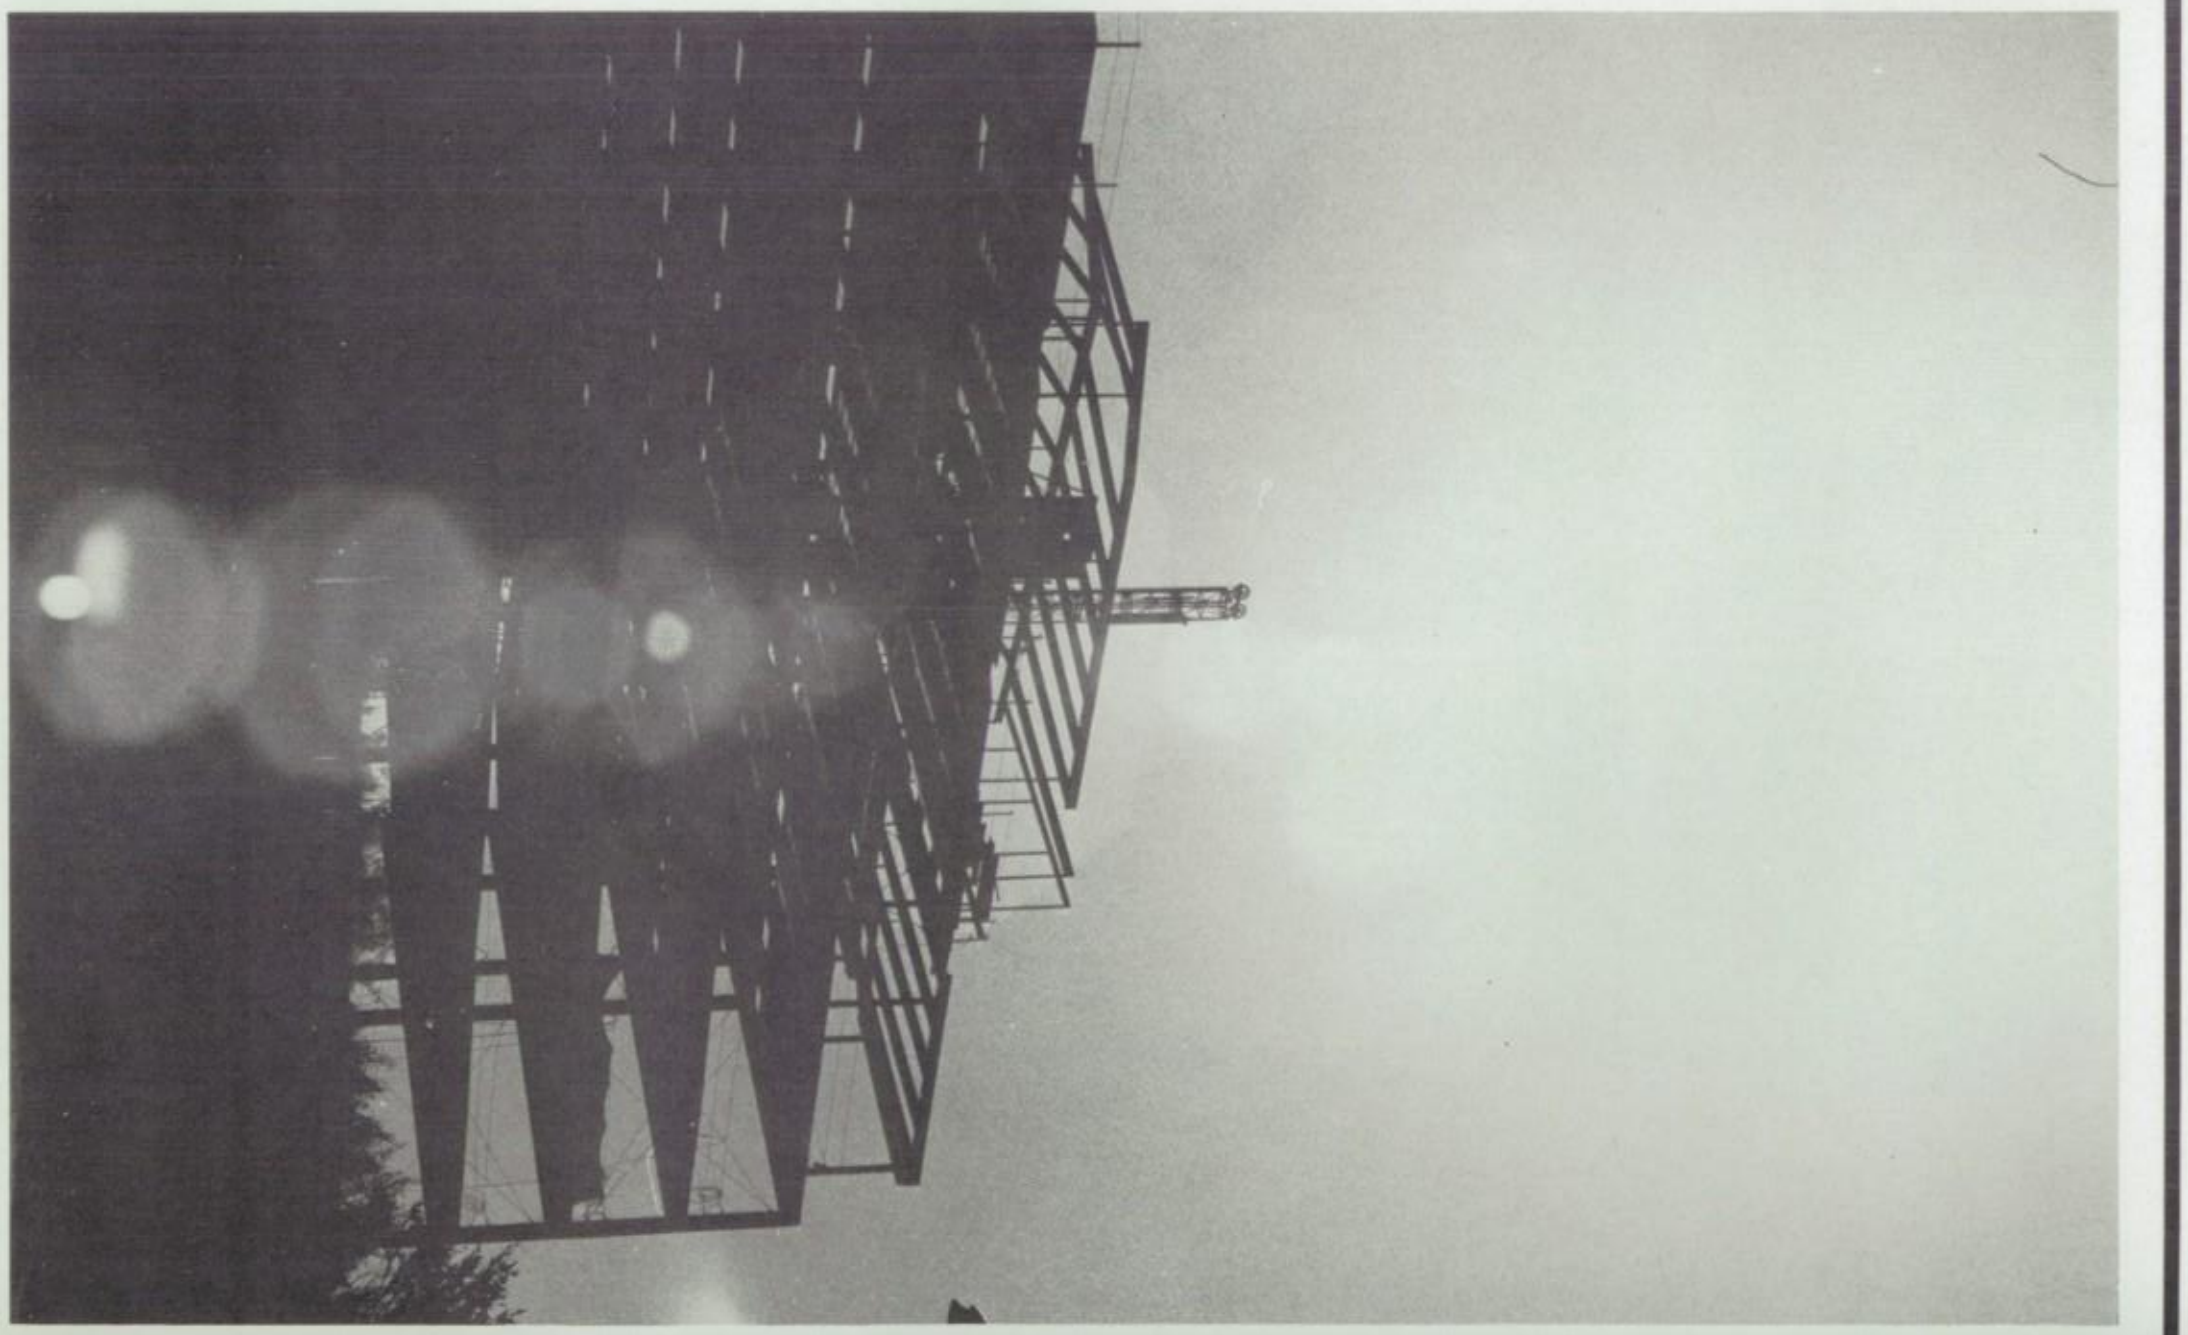
Kraig-

Babe, you are too much of a good thing to write in novel, let alone a yearbook. Our friendship can't end, man, its just too important to me. I hope you always are happy and get what you want.

Love always Brother,

Gary (Carmichael)



Underclassmen

Craig, I don't know ~~[illegible]~~ whether or not you consider us friends but I consider us friends so you're stuck buddy.

You do realize that you are going to ~~[illegible]~~ have to take me to the beach this summer (please)

And you better keep in touch next year cuz Oxy isn't that far away.

Thanks for giving me rides home and for letting me drive your cutie silled car. I love driving it.

Craig - I want you to be more fun than you've been lately. I know you're a happier person than you let on to be. You are just ~~[illegible]~~ taking things too hard. But anyway I do wish you lots of luck at Oxy and with your basketball!

with much love,
deb

Before I came to stay here I heard many AFS returnees talking about their year in the U.S.A. It sounded unbelievable to me. Now I found out myself how wonderful it really is. This experience will be one of the most exciting and valuable ones in my whole life.

I am very grateful to AFS, to my wonderful American family, to Hoover High School and to all the kind people who made this year so great for me. Thank you all for this experience.

Patricia Donnelly, Austria

This year as an AFS student will always be in my mind as the most important and the happiest year in my life. It will stay in my mind because of my wonderful family, AFS, and Hoover High. There is nothing in the world like being an AFS student. When I came here I heard everybody talk about how wonderful it was, but little did I know how true it was. I hope many students will follow after me. Once again I say thank you to everybody. It has been too wonderful, like a dream.

Craig: I'll sign by the only thing I ever did in high school and I don't do anything for it. Sorry. Well I can say little things like: get it's been fun in Eng. & gosh darn you're great (which you are) but I think I'll say something you might not like - but that I mean. there have been so many times when I've looked at you and seen you miserable and wished I could do something for you, but that I couldn't do for you. I'm sorry things aren't as rosy as I think things should be. This is coming out all wrong! What I think I mean is that well you've got friends. I think I'm one of them. and sometimes friends are the best thing in the world. I hurt when you hurt. that sounds really corny. Hoal what a mess. thank you for the inspiration you've given me every so often I wish I had something to give you too. I won't cry now, but when I do part of the reason will be you. You're right sometimes memories are sad. and that's no fun.

The Varsity Football Team climaxed a tough season with a resounding victory over the Glendale High Dynamiters. Holding an overall record of 3-6, the Tornadoes placed fourth in the Foothill League. Under the leadership of head coach Roy Vujovich, the team showed a growing ability of working together as one unit.

Commenting on the season, Coach Vujovich said we showed a marked improvement with each week of play. The lack of experience in the line was the determining factor in our offense and defense. The coaching staff was extremely pleased and proud with the "big game" effort to climax the 1972 season.

Varsity Swim Team

The Varsity Swim Team was led by Captain Eric Georges. Even though their overall record was a disappointment, 4 wins and 8 losses, this year was considered a building era for upcoming seasons. They were faced with tough Foothill League competition this year. The team placed 5th, the highest in our league, at the Beverly Hills Invitational. Randy Feia was given the High Point Award, while Ron Archer won consecutively in diving. Scott Borisoff and Tom Feia will be tremendous assets to next year's team.

Coach Kangrga was very pleased with the enthusiasm of the young team members. With thirty people coming out, Mr. Kangrga said that there was an exceptionally large turn-out for the three year old sport and talent was no problem. With seniors Ken Tintorri, Ron Blackman, Ken Landau, Gary Carruthers, Bo Gilbert, Dave Duncan, and Ken Rodger graduating, next year will be a rebuilding year for future seasons. The golf players should show improvement towards the latter part of the season.

Kraig,
I hope that this page wasn't saved or anything cause it's too late now Kraig I really don't know what to say it hasn't been great this year (except basketball of course) and I know you'll have a good summer naturally So all I can say is that you'll go far in life as I hope you will and that you won't go off the deep end or anything and get all messed up as so many do. I wonder if I'll ever see

Hard work and dedication helped this year's Varsity basketball team win more games than any team in Hoover history. The season had a great start with winning both the Hoover-Burbank and the Agoura Tournaments and being a runner-up in the Ventura Tournament. After tieing with C.V. for second in the league, Hoover set off for the tough road in the CIF playoffs. The 1973 team was the fourth team in the history of our school to go all the way to the CIF semi-finals. Coach Bob Sutton said that the players showed outstanding team work all year round and he is extremely proud of this season.

Jim Griffith captured MVP and was honored by being selected for the first teams of All-League, All-San Gabriel County, and All-CIF. Kraig King, the team's Outstanding Shooter, and Gary Cicoria, the Outstanding Rebounder, were both selected for second team All-League and were honorable mentions in the All-San Gabriel County. The team Captain, Bruce Breeden, was selected for the third team All-San Gabriel County. Gary LeCheminant was selected Best Defensive Player while Ernie Erke captured the Coaches' Award.

Coach Sutton was proud to coach the team that won more games than any other in Hoover history.

Summing up the season, Coach Woodcock said that the team felt the loss of a key player during mid-season, but learned to re-adjust by putting forth great effort through the rest of the league play. The team's leading scorer was Dennis Watson, while Andy Hart was selected Most Valuable and Most Consistent Player.

Under the guidance of Coach Steve Keith, the team showed great improvement, even though they lost a valuable player in midseason. The coach believes that the Sophomore players should become great assets to the future Varsity team.

Coach Dale Taufer and his Varsity baseball team are looking forward to a successful season after starting out with a 6-2 record. The ball players are experiencing something new with individual coaching. Bob Sutton takes over as pitching coach, Tony Zarrillo as infield coach, and Rod Brown as outfield coach. Coach Dale Taufer, overall coach, is happy with the tremendous assistance and contributes a good part of the team's success to these coaches. The team has three returning starters and some others who saw limited action last year. Two sophomores have shown an outstanding job as well as two transfer students who play outfield. The coaching staff is trying a new idea by having the Varsity and JV teams practice together, so that JV players will be ready to play in a Varsity game if needed. Coach Taufer is happy with the new way of coaching and thinks that it will help prove the 1973 season to be a great one.

While last year a lot of players missed valuable playing time because there was only a Varsity program, this year, with a JV team, the players are getting necessary experience to fill in the spaces open for next year's Varsity. With only two junior starters, the JV team is mainly composed of sophomores. The starting line-up for the JV team is: Erke, pitcher; Ridino, second base; Overgaard, right field; Bonham, catcher; Allen, first base; Swaney, left field; Reed, short stop; Fischer, thrid base; Givargis, center field.

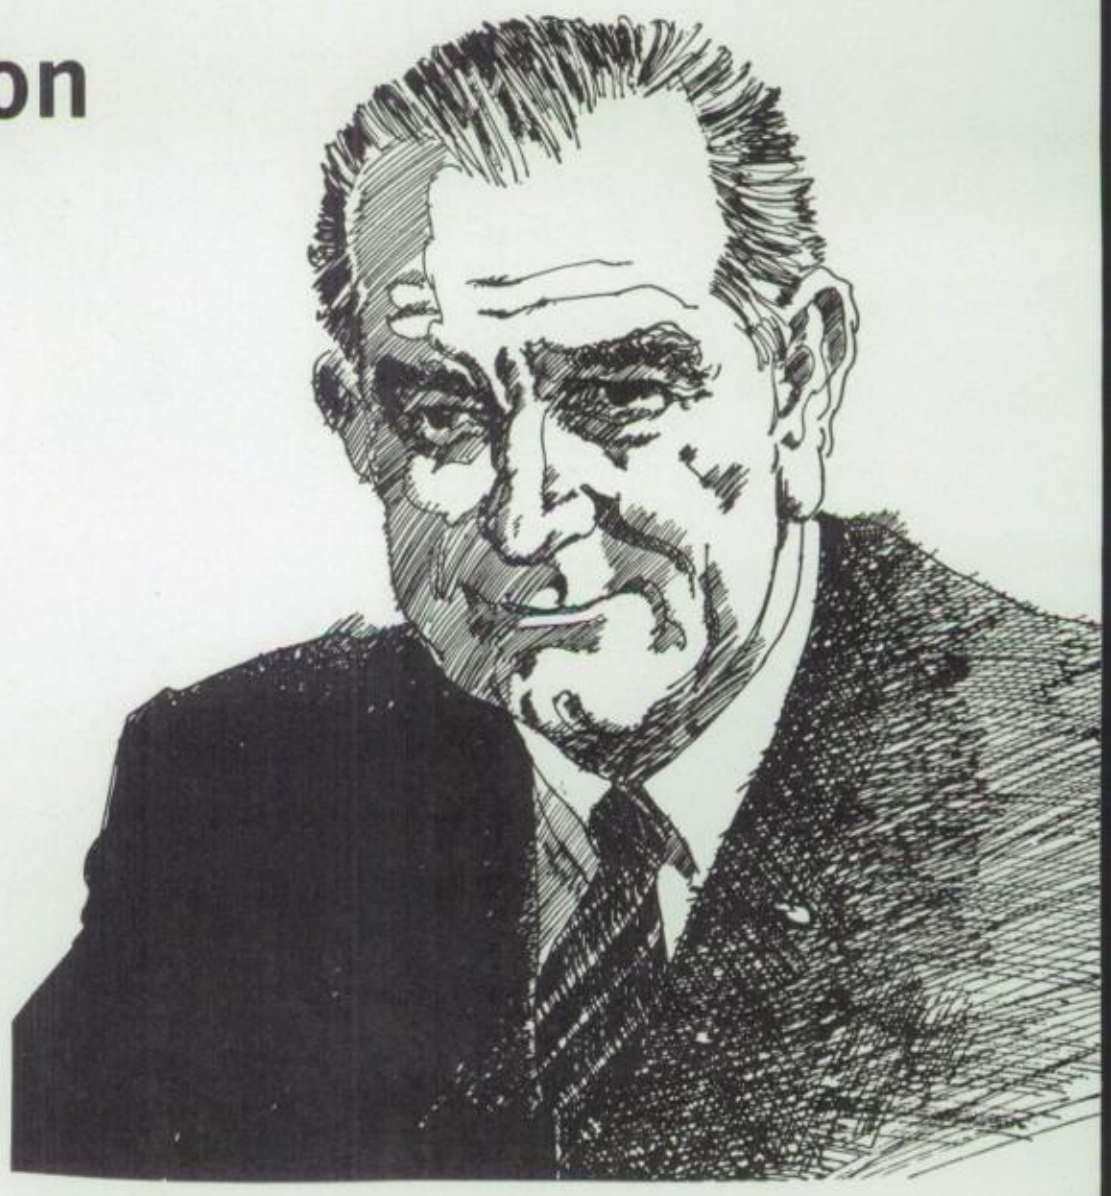
The team has achieved this fantastic season through hard earned team effort. Seniors: J.P. Wammack, Copeland, Abreau, Katinszky and LeCheminant have proved to be great assets to the team. Future seasons also appear to be just as promising.

Harry S. Truman
1884-1972

President Truman was a fighter in every sense of the word. He will be remembered as a President who fought for the working people of this nation. Improving social security benefits, and minimum wages during his Administration were just a few of the changes that were FOR the people.

Relatively frequent heart attacks along with old age leave us with only the memories of this great man.

Lyndon B. Johnson
1908-1973



When President Kennedy was assassinated V.P. Johnson held this grief stricken nation together.

Mr. Johnson faced the presidency with courage and integrity. With the political pressures of his term, he retired to his ranch in Texas to live out the rest of his life. Unfortunately the end came sooner than expected.

When Presidents Truman and Johnson died our nation lost two men who helped to make America strong.

Kraig (super-stud)
I really feel priveledged signing a Super-Jokes book. You've got so much going for you, looks, body, athletic ability, in other words a perfect person. Wow that makes two perfect people in the world (HA) I really had a great time to know you this year, I could've gotten to know you better, I feel. I wish you much love & luck,
Pam

THE PURPLE CIRCLE
OF HOOVER HIGH

That's the whole idea behind the Purple Circle. In our way we have become involved by contributing time, effort and a few material things to Hoover student activities. These activities, we believe, enrich the student's scholastic experience. We have grown in the past years and have contributed substantially to student activities. The main source of our strength comes from memberships from the parents and friends who care about you, the student.

The Purple Circle

Kraig,
this has been
such a great year
I'm sad to see it end.
Just think next year there's
no reason to go to basket-
ball games! But i can al-
ways see your picture in
cosmopolitan or stand in
line for tickets to led zeppln
concerts. well at college you'll
still have millions of. girls
running after you i just
wished i could have been one
of them. Eh! well no more of
this (you'll be conceited oh well
lots of luck in whatever you
do! love ya always
tracy

Oh, you're so lucky Kraig! what are you gonna do now? Besides going to the beach? I'm awfully glad I knew you this year, although limitedly. And those times in the library with that Hobbit language — what was it? Any-how, anyway, I will probably won't see you much after you graduate, so good luck, Kraig, and good ol' Hoover sometime, right?
Love,
Marla

Thanks, Kink, (that's untrue of course) (pretty clever, huh!)
It has been a wonderful doing Chemistry experiments together. However you analyze of course that you are many things, one I would not call you is exciting! Also you must forget your MOOD contests that added so much pleasure to this class! Don't get too lax this summer or your uniform will show up in the Cosmopolitan Fold-outs // TAKE CARE, KRAISER!
Barbara

Kraig
It's about time.
I've graduated.
Congratulations this
year in basketball.
Good luck next
year at Occidental.
Love,
Jeff Wade

Kraig

It's hard to believe
any one person could
have as much talent
and brains as you have.
It was great knowing
you throughout high school
(+ junior high) and hope to
see you even though we
part for college.
Best of success + happiness
Chris Thomsen
